

Application Guide

APPLICATION	ECOFUSION®	ISO FUSION® V700	TRIFUSION®	TRIFUSION® PLUS	INTERNAL COLORS
Farm Digesters using Agricultural Waste	✓				20 - C - 40 MUNSELL 5PB 2/4
Farm Digesters using any other Waste Streams		✓			
Edible / Vegetable Oils		✓			
Dry Bulk Solids		✓			
Storm / Fire Water		✓			
Potable Water (NSF / ANSI 61)		✓			
Drinking Water (DWI, Reg 31 Approved)		✓			
Filter Tanks		✓			
Municipal Sludge Storage (Open Topped)		✓			
Municipal Sludge Treatment (Open Topped)		✓			
Municipal Mesophilic Digester (Liquid Zone)		✓			
Municipal Backwash Effluent		✓			
Municipal Sludge Cake Storage		✓			
Farm Digesters (Roof & Rings Exposed to Gaseous Zone)			✓		14 - C - 40 MUNSELL 5G 2/2
Municipal Sludge Storage (Roof & Rings Exposed to Gaseous Zone)			✓		
Municipal Sludge Treatment (Roof & Rings Exposed to Gaseous Zone)			✓		
Municipal Mesophilic Digester (Roof & Rings Exposed to Gaseous Zone)			✓		
Thermophilic Digester (Liquid Zone)			✓		
Industrial Effluent and/or Aeration Process			✓		
Food Process Washings			✓		
Liquid Leachates			✓		
Borehole / Brackish / Seawater			✓		
Thermophilic Digester (Roof & Rings Exposed to Gaseous Zone)				✓	14 - C - 40 MUNSELL 5G 2/2
High Temperature Applications				✓	
Aggressive / Chemical Industrial Effluent				✓
